Subject: Donation for Flood Victims

Dear Sir/Madam,

We are writing this letter to bring your attention to this past week's natural disasters in Central Vietnam. Downpours and floods have left 20 people dead and several missing in the central cities of Da Nang and Hue, central provinces of Quang Tri, Quang Ngai, Quang Nam, and central highlands provinces of Gia Lai and Dak Lak, in addition to several individuals left injured in the central provinces of Quang Binh and Thua Thien Hue. These devastations have left 33,400 houses damaged, 224 hectares of rice ruined, roughly 2,400 hectares of crops submerged, and over 58,300 cattle and poultry swept away. These numbers represent only the beginning of these hardships and could result in more injuries, more deaths, more missing persons, and more destruction to the land that our citizens rely on for survival.

We rely on the support of generous individuals and businesses in our communities. Your donations, big or small, will make a significant difference to our people and our community in this time of dire need. Your generosity and awareness will contribute great assistance to the lives, animals, and land who have been affected by this disaster. Together, we can provide meals, blankets, and shelter to those who no longer have a roof over their head or basic necessities to keep them warm and healthy. Let us come together to bridge the gap between people who need help and people who are willing to help. Our efforts will be the foundation for rebuilding the damage to Central Vietnam and the way of life to the citizens in these areas. We ask that you use your voice to spread awareness on this saddening occurrence to prevent further loss and destruction.

We thank you for your continuing support and being our community champion.

Dr. Long Duc Le
President
